

Welcome to the Official CAVEWAS Website!

The CAVEWAS National Board of Directors is very pleased to introduce you to this brand new website.

We feel this site will develop into a dynamic and ongoing communication tool for the CAVEWAS Board to not only our membership, but also for other interested parties in the field of Vocational Evaluation and Work Adjustment.

This is a trial release so to speak. Please browse through it. Hopefully you'll find it informative, dynamic and possibly even stimulating! We will be endeavoring to update the site regularly with listings of Professional Development opportunities and other happenings of interest. Check out the Latest News Section. Here you'll notice something quite unique! We're giving a regular summary of our activities via a "News and Views from the Board" update (Corporate Section).

Special thanks goes out to Board members Pina Zervas and Diana Froc for "hanging in there" and seeing this site through to launch. They both put a ton of time and effort into this development process, seeing this through from ideation, to germination and now to fruition! Also, special mention to our WebMaster/Designer Mr. Paul Froc. He did a marvelous job and was very patient with us when we kept making numerous changes and refinements. Thank you Paul!!

Presently a CAVEWAS' Members Registry is in the early stages of development. This will allow CAVEWAS members to promote their services. We will be attempting to have this Registry ready over the next several months. Please keep watching for its inception.

As you scan this site I think you'll agree this CAVEWAS Board is a pro-active and dynamic group. We're spread out right across the country. Our membership has been growing beyond expectation. We have many ongoing projects and ideas for future growth and development, but these need the input of our members' energies. We have several Board Members finishing up their terms of office come June 2006. It's important that we re-new!! I would ask members to come forward and become involved. The Board is a very positive and upbeat group of folks. We are all very busy professional people, but as a community organizer friend of mine was once fond of saying: "Only Busy People Get Things Done"!!

And we are getting things done! We'd love to have you step forward to help us keep doing it. Please contact me or any of the other CAVEWAS Board members listed on this site if you'd like to discuss joining us. No special skills required, just a willingness to pitch in!

If you have feedback for us (we like good, but if we've made an error or if you have some positive criticism), we'd like to hear that too. So please let us know.

Hopefully I'll get a chance to meet many of you on June 6th in Montreal!

Best regards,

Graham Pett, President, CAVEWAS
